# ABOUT
# ALL INDUSTRIES GROUP

Established in 2014, All Industries Group (AI Group) is a family-owned and operated business committed to supporting a sustainable and resilient manufacturing ecosystem. We specialise in delivering tailored industrial solutions across both manufacturing and maintenance, with a strong focus on innovation, quality, and service excellence.

Driven by lean manufacturing principles, we continually refine our processes to reduce downtime, boost efficiency, and enhance supply chain reliability. Our agile approach ensures we can quickly respond to shifting market demands while maintaining the highest operational standards.

AI Group is proud to hold multiple ISO-certified management systems, positioning us among the most accredited businesses in our region. These certifications reflect our commitment to quality, compliance, and continuous improvement—providing our clients and partners with assurance and peace of mind

At All Industries Group, we take great pride in leading a dedicated team of professionals who embody our commitment to excellence, innovation, and safety in everything they do. Our vision is rooted in delivering smarter, more efficient industrial solutions that help our clients thrive in a competitive environment.
With combined expertise across engineering, maintenance, and fabrication, we focus on providing tailored, high-performance solutions designed to meet the unique needs of every client. By embracing cutting-edge technologies, sustainable practices, and stringent quality controls, our team consistently delivers results that exceed expectations.

Our manufacturing and maintenance services are engineered to optimise the performance and reliability of your equipment and facilities. Understanding the critical importance of uptime and productivity, we provide proactive maintenance programs, rapid response repair services, and in-depth inspections—ensuring issues are addressed before they become costly disruptions.

Our fabrication division excels in delivering custom-built components and structures with precision and durability. Using advanced CNC machining, precision welding, and state-of-the-art equipment, we meet a broad range of project requirements—from one-off prototypes to large-scale production. No matter the scale, we approach every project with meticulous attention to detail and an unwavering commitment to quality.

As directors, we remain hands-on in our operations, continually driving improvement and innovation to ensure that AI Group remains a trusted partner in your success

# KEY PERSONNEL

At All Industries Group, we recognise the vital role local talent plays in our long-term success. By prioritising the recruitment and development of individuals from our surrounding communities, we not only create meaningful employment opportunities but also contribute to the economic growth and resilience of the region. This commitment supports the development of a highly skilled workforce that drives sustained success within our industry.

We are proud to maintain strong partnerships with local schools and educational institutions, offering work experience placements and apprenticeship programs. These initiatives provide students with practical, hands-on exposure to the manufacturing sector, helping to inspire and equip the next generation of industry professionals.

Within our organisation, we cultivate a collaborative workplace culture built on teamwork, mutual respect, and open communication. By fostering an inclusive and supportive environment, we unlock the potential of our diverse workforce, encourage innovation, and drive continuous improvement at every level of the business

ALL INDUSTRIES GROUP

# FABRICATION

## GENERAL FABRICATION

- Automated processing (CNC capabilities)
- Pressure vessels
- Piping
- Stainless steel
- Aluminum
- Quench & tempered materials
- Abrasive blasting and coating
- Certified Rollover Protective Systems / Falling Object Protective System Manufacture and fit ROPS/FOPS to excavators, trucks, dozers, and graders

## REBUILDS & OVERHAULS

- Excavator attachments
- Chassis extensions, reductions & modifications
- Conveyors, chutes, hoppers, screening plates
- Loader, excavator
- Dozer blade crack repair, re-skin
- Track frames
- Dump truck trays

## OPEN CUT AND UNDERGROUND DESIGN AND MANUFACTURING

- Refurbishment and Certification
- Mining Consumables
- Ventilation Control Devices (VCD)
- Stone dusting solutions
- Quick Detachment Systems (QDS)
- Rotatable parts refurbishment
- Certified Fabrication to ISO 3834

# MAINTENANCE

## EQUIPMENT OVERHAULS

Provide complete equipment overhauls and repairs on a range of machinery including Caterpillar, Komatsu, Hitachi, and Terex. Our service incorporates quality workmanship and efficient turnaround to offer a competitive advantage for our clients. In addition, all work is carried out in strict accordance with OEM procedures.

## MEDIUM & HEAVY VEHICLE REFURBS

- Full and partial chassis replacement
- Ground up rebuilds
- Plant 10 yearly certifications
- Brake testing
- General refurbishments
- Full servicing and repairs to all makes
- EWP's including full Roadworthy and Statutory Government Certifications.

## BLASTING & PAINTING SERVICES

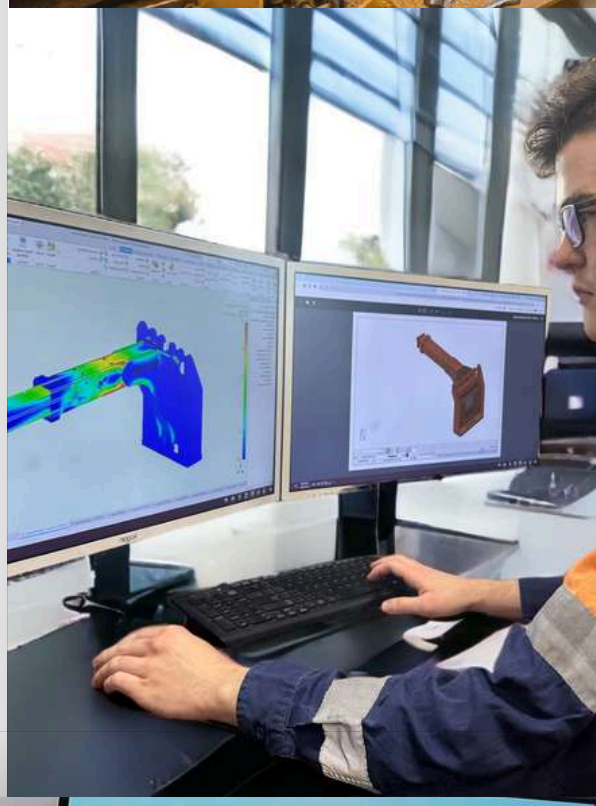
- To client specification
- Size - approx. 12m x 10m x 8m

# OTHER SERVICES

## FIELD SERVICES

AI Group is proud of its highly skilled tradespeople, backed by a fleet of fully equipped, mine site compliant vehicles. We provide:

- Complete shutdown services including maintenance planning services
- Field maintenance and repairs
- Emergency repairs and rebuilds
- Long term hire arrangement



## DRAFTING, DESIGN & ENGINEERING

AI Group is an innovative multi-disciplined design, engineering and fabrication, specialist focusing on product supply and delivering turn key solutions.

- Electrical - Control
- Power and solar off grid
- Process and product control
- Data Systems - collection
- Communications and SCADA
- Hazardous Areas - Design, install, maintain, inspect and test

# MAJOR PROJECT

# BALLISTIC DOORS FOR ASMTI SHOALWATER BAY

## ALL INDUSTRIES GROUP COMPLETED THE MANUFACTURE AND INSTALLATION OF BALLISTIC DOORS FOR ASMTI SHOALWATER BAY

- 14 month contract, awarded through COVID
- Fully designed concept and engineered product of nine (9) door types
- 254 doors manufactured & installed on site
- Strict schedule and deadlines met in line with project plan
- Quality Assurance completed and signed off
- Project management
- Long-term relationships with contractors
